

Carbides Formation (Base P = 101325 Pa)

**Sources**  
O<sub>2</sub>, N<sub>2</sub>, F<sub>2</sub> and Cl<sub>2</sub> data from:

Reed, T.B., 1971. *Free energy of formation of binary compounds*. MIT Press, Cambridge, Mass.

C data from:  
Coltters, R.G., 1985. *Thermodynamics of binary metallic carbides: A review*. *Materials Science and Engineering* 76, 1-50.
