

WPI

Introduction to Atomistic and Molecular Simulations

Soknarith Sem

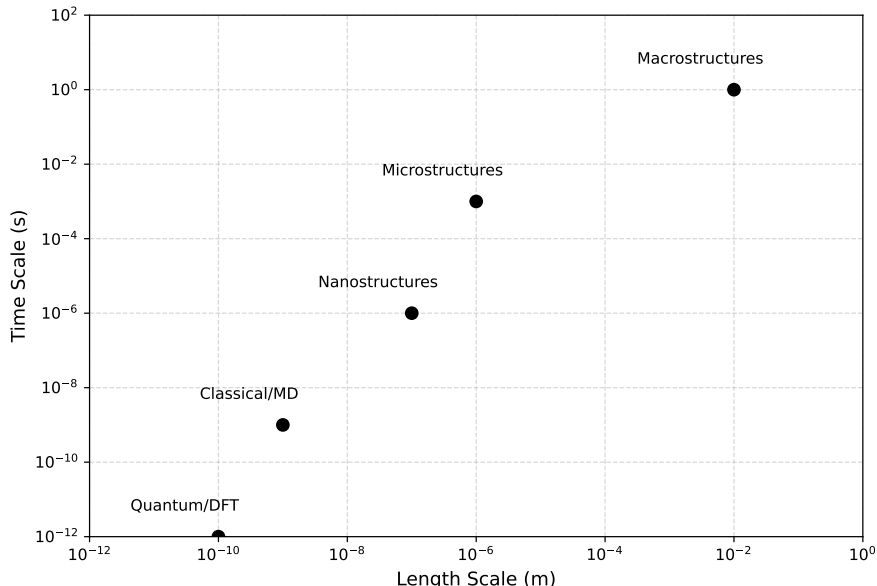

April 3, 2026

Worcester Polytechnic Institute

Background

Time Scales vs Length Scales

Quantum vs Classical Simulations

Schrödinger's Equation	Newton's Equation
------------------------	-------------------

Jacob's Ladder

Conclusion

Summary

Acknowledgments

WPI Turing Computing Cluster, University of Texas, TACC, and Prof. Yu Zhong

References

The background features a large, light gray watermark of the Worcester Polytechnic Institute (WPI) seal. The seal is circular with the text "WORCESTER POLYTECHNIC INSTITUTE" around the top and "1865" at the bottom. In the center is a shield with a book, a laurel wreath, and a crest above it.

Thank You!
